Raffaztech

Frontend Developer

- Developed and maintained scalable web applications using React.js, Node.js, and MongoDB.
- Built RESTful APIs and integrated third-party services including payment gateways and cloud storage solutions.
- Improved application performance by optimizing database queries and frontend rendering, reducing page load times by 40%.

Education

2018- 2023

Lagos State University

Marketing

I hold a degree in Marketing from Lagos State University, where I developed strong analytical, communication, and strategic thinking skills. My academic background has helped me understand user behavior, business needs, and customer-focused solutions, which complements my experience as a Full Stack Developer in building effective and user-friendly digital products.
